

Professor Franco Cavalli M.D., FRCP was the Scientific Director of the Oncology Institute of Southern Switzerland (IOSI) in Bellinzona, Switzerland until 2017, and is currently President of the Institute of Oncology Research. He is Professor (Titularprofessor) of Medical Oncology at the Medical Faculty in Bern, Switzerland, heavily involved in research into malignant lymphoma and new drugs, and organizes the International Conference on Malignant Lymphoma in Lugano. In 1996, he founded the International Extranodal Lymphoma Study Group ([www.ielsg.org](http://www.ielsg.org)), the leading cooperative group in the field of the biological and clinical studies in extranodal lymphomas. He has published more than 600 articles in peer-reviewed journals and has contributed to many books on cancer. He was Founding Editor and Editor-in-Chief of Annals of Oncology, and is on the Editorial Board of several other journals.

Prof. Cavalli has been President of the Swiss Cancer League and is Chairman of the Scientific Committee of the European School of Oncology and of the World Oncology Forum. He was President of the International Union Against Cancer between 2006 and 2008 and a member of the WHO Expert Committee on the Selection of Essential Medicines for cancers since 2015. He was also a member of the Swiss Parliament between 1995 and 2007.
